WILLIAM PENN'S FACULTY:

◆ Our highly qualified teaching staff has been trained in how to expect and get the best from our students through receiving the latest training in brain based research.

◆ Our teachers have also been trained to provide a **positive enriching** classroom atmosphere.

◆ William Penn implements the Tulsa Model as a means to weave curricular efforts into a comprehensive and integrated process.

Friendship Common Sense Patience
◆ Our students learn life skills that will help them become productive citizens.

Caring Effort Cooperation Pride Courage

◆ At William Penn READING, MATH, SCIENCE, & TECHNOLOGY are our focus. We use the SRA Reading program in grades kindergarten through five to provide consistency in teaching the basic reading skills.

◆ We focus on Science and Social Studies through integrated methods.

◆ Growing with Mathematics is used in grades kindergarten through fifth to expand our students' knowledge in Math.
